

Disaster Debris Segregation Requirements

Guidance for Citizens, Contractors, Volunteers & Others

The following materials should be removed from the mixed debris and segregated when brought out to the landfill for disposal:

- “White Goods” (appliances, mattresses, tires)
- Electronics (TV’s, computers, stereos, phones, VCR/DVD players, etc.)
- Household hazardous wastes and other chemical products
- Household trash and garbage
- Gas – powered lawn mowers, trimmers, etc.

Additional Guidance

White Goods

Air Conditioners
Refrigerators
Freezers
Stoves and Ovens
Microwave Ovens
Dishwashers
Washers and Dryers
Water Heaters
Televisions

Household Hazardous Wastes

Lead Acid and NiCad Batteries
Paint, Thinners, and Strippers
Cleaning Supplies and Pool Chemicals
Lawn & Garden Products
Pesticides and Herbicides
